SOAR PRODUCTIONS

• LIMITLESS CREATIVITY •

Soar Productions came together by some Australian creativity and UK creativity combining together through passion and friendship.

Micah Hart (Aussie) has worked in film and production for over 5 years. In Australia, Micah worked as a sound and lighting engineer for one of Queensland's largest production companies. On weekends, Micah would work alongside one of FNQ's most respected wedding videography companies. Growing in his passion for videography and editing, Micah has now become experienced across a range of creative arts videography specialising mainly dance videos.

Josh Ricketts (UK) is owner and director of two of the UK's leading dance companies. Having worked in the creative industry for over 12 years Josh has a passion for all things creative! You will see Josh behind the scenes ensuring Soar Productions is ran professionally so that every client walks away from their experience with us blown away.

Micah, having recently moved to the UK formed an incredible relationship with Josh and they knew working together, Soar Productions could provide exceptional service across the UK and Australia and soon to be multiple other countries!

We would love to work with you on your next project to ensure you achieve exactly what you are looking for.
